Muhammad Milhan Afzal Khan

Objective

To seek further challenges of Computer Network to expand my IT skills within a progressive & fast growing environment that challenges its people and uses state-of-the-art technologies while enhancing my proven abilities and dedication to a motivated team.

Personal Details

Date of Birth	24-09-1983
Marital Status	Single
Religion	Islam
Nationality	Pakistani
Domicile	Punjab
Languages	English, Urdu, Punjabi

Education

MS in Computer Science

From University of Agriculture, Faisalabad **2010-2013**

Masters in Business Administration

From National University of Modern Languages, Islamabad **2008-2010**

BS (Hons) in Computer Science

From University of Agriculture, Faisalabad **2000-2005**

Relevant Course Work (Studied)

BS(Hons) in Computer Science

- | | |
|----------|---------------------------|
| ▪ CS-506 | Data Communication |
| ▪ CS-607 | Computer Networks |
| ▪ CS-502 | Operating System Concepts |

MS(CS) in Networks

- CS-734 Advanced Operating Systems
- CS-744 Advanced Networking
- CS-745 Network Security
- CS-746 Network Transport Protocols
- CS-747 Network Administration

Academic Achievements

IELTS

From AEO Lahore (7.0 Band) **2005**

Participation in Web Technologies & Project Management

From University of Agriculture Faisalabad **2012**

Research Experience

Jan 2011 - Oct 2011 Research topic was “*Effective Approach of Web Based Human Resource Management System for Optimistic Development of Institutions*”. I have completed this research from University of Agriculture, Faisalabad with the collaboration of Akmal Rehan and Nayyar Iqbal.

Feb 2012 - Dec 2013 My MS(CS) research topic was “*Proposing an Efficient and Secure Architecture for “Development as a Service” (DEVaaS) Layer in Cloud*”. I have completed this research from University of Agriculture Faisalabad under the supervision of “Tasleem Mustafa”, Chairman, Department of Computer Science, UAF.

I have acceptance letter of my research paper in “*Pakistan Jurnal of Science*” with the title “*Proposing an Efficient and Secure Architecture for “Development as a Service” (DEVaaS) Layer in Cloud*”, Vol. 65, 2013.

Feb 2012 - Dec 2013 Research topic was “*Designing an Efficient Agile Methodology for Cloud Computing*”. I have completed this research with the collaboration of Anum Liaquat, Ayesha Siddiqui, Prof.Dr Shazia Arshad.

I have also acceptance letter of this research paper in “*Pakistan Jurnal of Science*” with the title “*Designing an Efficient Agile Methodology for Cloud Computing*”, Vol. 65, 2013.

Publication

Akmal Rehan, Nayyar Iqbal, Muhammad Milhan Afzal Khan, November 2011, IJRSS on *“Effective Approach of Web Based Human Resource Management System for Optimistic Development of Institutions”*, Vol. 1, Issue 2, ISSN: 2249-2496.

M. Milhan Afzal Khan, Shazia Arshad, Tasleem Mustafa, “Pakistan Journal of Science” on *“Proposing an Efficient and Secure Architecture for “Development as a Service” (DEVaaS) Layer in Cloud”*, Vol. 65, 2013. (I have acceptance letter)

Anum Liaquat, Ayesha Siddiqui, Shazia Arshad, M. Milhan, “Pakistan Journal of Science” on *“Designing an Efficient Agile Methodology for Cloud Computing”*, Vol. 65, 2013. (I have acceptance letter)

Professional Experience

Working as Lecturer

At University of Agriculture Faisalabad **08 September, 2014- To date**

Worked as Research Assistant

At University of Agriculture Faisalabad **August 2008- To 08 September, 2014**

Worked as IT Officer

At Meezan Bank, Lahore **Feb 2007- June 2008**

Courses Taught

MSc Courses

CS-601	Introduction to Computing
CS-702	Object Oriented Programming
CS-711	Computer Networks

BSc Courses

CS- 303	Introductions to Programming
CS- 306	Computer Programming

Summary of Skills

Fundamental Skills

- Ability to work independently and in a team environment
- Quickly adapt to changes, fast and willing learner
- Reliable, honest and productive
- Sharing of knowledge and teaching capabilities
- Creative approach to problem-solving
- Organizational and management skills
- Strong communication skills

Teamwork skills

- Contributive to a team by sharing information & expertise
- Work to agreed quality standards and specifications
- Adapt to changing requirements and information
- Punctual and able to prioritize tasks efficiently
- Focus on the instructions given and then abide by them

Qualification Skills

- Planning and installing the appropriate systems
- Setting up user accounts and retrieving lost information such as passwords, e-mail addresses or user names
- Providing support and solving any network problems, regularly backing up or restoring any necessary information
- Monitoring the network efficiency, carrying out any changes needed to improve performance
- Maintaining network security at all times, implementing extra security measures when required

Conferences & Workshops (Attended)

- Workshop on "Computer Technology Development & Management (CTDM) " held in University of Agriculture, Faisalabad, **2012**
- Workshop on "Strengthening Extension Skills of Young Afghanistan – Pakistan Professionals” held in University of Agriculture, Faisalabad, **2013**
- Workshop on "Web Technologies & Project Management" held in University of Agriculture, Faisalabad, **2014.**
