

**Name: Fariya Javaid**

**Father Name: Muhammad Javaid Malik**

**Email : [fariya.javaid@uaf.edu.pk](mailto:fariya.javaid@uaf.edu.pk)**

**Objective: Dedicated and results-driven Lecturer in Microbiology with over four years of teaching experience at the University of Agriculture Faisalabad, seeking a challenging role in a reputable educational or research institution. Committed to fostering academic excellence, promoting scientific inquiry and integrating innovative teaching methodologies. Looking to contribute my expertise in microbiology and educational development to support student learning, engage in impactful research and participate in institutional growth and curriculum enhancement.**

**Work Experience:**

**LECTURER : Agriculture University, Faisalabad**

**(July 2024 – Present)**

- Deliver undergraduate and postgraduate lectures in Microbiology, covering topics such as microbial physiology, immunology, environmental microbiology, and applied microbiology.
- Supervise laboratory sessions, ensuring students gain hands-on experience with microbiological techniques and safety protocols.
- Guide and mentor students in research projects, thesis writing, and academic development.
- Conduct academic research in the field of microbiology, contributing to departmental publications and conferences.
- Collaborate with departmental staff for academic planning, quality assurance, and institutional development.
- Actively participate in university committees and contribute to departmental administrative tasks.

**VISITING LECTURER: Agriculture University, Faisalabad**

**(2021 – 2024)**

- Taught core Microbiology courses to undergraduate students in the Faculty of Sciences.
- Conducted practical lab sessions with a focus on aseptic techniques, microbial culture, and staining procedures.
- Provided academic counseling and guidance to students on course-related matters.
- Participated in departmental workshops and academic discussions.
- Contributed to student evaluation and result compilation as per university standards.

**LECTURER :Government Degree College Chak Jhumra**

**(Feb 2021- May 2021)**

- Taught Biology to students of 1<sup>st</sup> year & 2<sup>nd</sup> year
- Assessed their performance and motivated them
- Performed practical tests and assisted the students

**PINUM Cancer Hospital**

**(Jan 2018- April 2018)**

Internship/Training:

- Polymerase Chain Reaction
- Enzyme Linked Immunosorbent Assay (ELISA)
- Radioimmunoassay (RIA)
- Clinical Biochemistry Lab

### **Awards & Certifications:**

- Bronze Medalist in BS (Microbiology)
- Certificate Of “Post- Induction Training & Professional Development For Young Faculty”
- Certificate Of “Training Program On Enhancing Pedagogical Skill”
- Certificate of “Participation CABI-HEC Cooperation Digital Resource Sharing With Academia In Pakistan”
- Certificate of “Crop Monitoring Using Kisan360 App”
- Certificate of “Participation in American Society for Microbiology Workshop on Scientific Writing and Publishing”
- Certificate of participation in recent “Advances in Biotechnology by Akhuwat Faisalabad”
- Certificate of participation in “Stakeholders and Consultative Seminar on World One Health Day”

### **Academics:**

- **MPhil (Microbiology) (2018-2020)**  
University Of Agriculture Faisalabad  
CGPA: 3.94
- **Bachelor Of Science In Microbiology (2014-2018)**  
University Of Agriculture Faisalabad  
CGPA: 3.84
- **Fsc Pre Medical (2012-2014)**  
Punjab College For Women Faisalabad  
Marks : 926/1100
- **Matric -Science (2010-2012)**  
Alfalah Grammar High School, Jhumra  
Marks : 95/1050

### **Computer & Communication Skills**

A sound knowledge and skill use of

- MS Word
- MS Excel

Excellent communication command on

- English
- Urdu
- Punjabi.
